

BRIDLE RING 2" W/ SADDLE 50 PK

0E-BR225SA
COMMERCIAL AND RESIDENTIAL

The 0E-BR225SA is a galvanized steel, threaded, metal bridling ring used to organize cables. The built in saddle reduces wear on cables, especially plenum rated cables.

- Galvanized steel for strength and longevity
- 2" diameter
- 1/4" x 20 thread
- 50 lb. static load
- Plastic saddle reduces wear on cables
- 50 per box
