

High Power Tone and Probe Set

0E-TNEPRBKT- 1 PC

The W Box Professional Tone and Probe kit gives technicians a high powered tone generator with alligator clips and a high quality tone tracing probe. The high-powered tone generator enables signal detection over 20 miles away and makes tracing through walls and enclosures easier with multiple tones and power levels suited for network, signal wire, coax, and telephone cable applications.

- 700% more power than standard tone generators
- Unbalanced tone mode supports longer distances on UTP cables
- Constant amplitude output ensures no signal decrease as battery discharges
- Auto-off for battery conservation
- Full talk battery to power a dry line
- Molded-in alligator clips
