### IN-CEILING / IN-WALL 4" 2-WAY POWERED BY SONIC VORTEX®

Rich, deep bass from a compact, 'Integrated Back Box' utilizing Sonic Vortex® technology. This patented technology is a 'twist' on Ported Transmission Line design, that doubles as a built-in back box to keep speaker sound from bleeding to other rooms while adding 6 to 9dB boost in mid-lower bass for solid bass response. Designed to play in full range mode only. Versatile round grilles included.

Optional 0E-EZBRACKET pre-construction bracket; use size 'J' for this model.
