

0E-HHMD Hand Held Metal Detector

The 0E-HHMD is ideal for electronic and security detection inspection at airports, railway stations, bars/ clubs, theaters, restaurants, courts, stadiums, offices, factories, casinos and schools.

- Digital microprocessor technology eliminates the need for sensitivity adjustments.
- Rugged, high-impact ABS case with reinforced coil compartment.
- 9V Rechargeable battery included. (Up to 60hrs)
- Detection of metal causes clear alarm noise and bright LED illumination
- Momentary push button helps temporarily eliminate detection of nearby ambient metal
- The detection distance will not change when the battery voltage drops from 9V to 7V.
- Low Battery Indication.
- Includes external rechargeable jack.(Charger not included)
- Includes audio, light and vibration hands-off switch.

PART #: 0E-HHMD

UPC: 8 1191402558 0

LENGTH: 20.5"

WIDTH: 3.9"

HEIGHT: 1.97"

WEIGHT: 0.88lbs

SPECIFICATIONS	
MODEL NUMBER	0E-HHMD
OPERATING FREQUENCY	25 kHz
AUDIO FREQUENCY	TB
LENGTH	20.5"
WIDTH	3.9"
THICKNESS	1.97"
WEIGHT	0.88lbs (400g)
VOLTAGE	6.8 to 10 VDC
POWER	270MW
BATTERY	Standard 9V (Rechargeable)
